KavachhX

BUILT TO SHIELD

X-SERIES | OIL & GAS

PROTECTION BUILT FOR OIL & GAS OPERATIONS.

Engineered for the toughest environments, where safety is non-negotiable.

X-SERIES | OIL & GAS

UPSTREAM DRILLING & RIG OPERATIONS.

Built for the rig.
Protection for upstream drilling and extraction operations.

- Flash fire
- Hydrocarbon ignition
- Static electricity
- Heat & harsh conditions

X-SERIES | OIL & GAS

DOWNSTREAM REFINERIES & PROCESSING.

Built for the refinery.
Protection for downstream processing and refinery operations.

- Flash fire
- Radiant heat
- Static electricity
- Chemical splash
- Hot surfaces

ONE RANGE. MULTIPLE CONFIGURATIONS.

Functional design.
Better fit.
Day-long wearability.

FR COVERALL

JACKET & TROUSER

- Concealed front closure
- Utility storage pockets
- Reflective tape visibility
- Reinforced stress points
- Ergonomic industrial fit

PROTECTION THAT'S CERTIFIED.

Engineered to meet international standards for high-risk environments.

EN ISO 11612

Protection against heat & flame

EN 1149-5

Protection against static electricity

EN 13034

Limited protection against liquid chemicals

IEC 61482

Protection against thermal hazards of electric arc

NFPA 2112

Protection against flash fire
